

adjacency_list.h

```
graph TD; A[adjacency_list.h] --> B[boost/archive/binary_oarchive.hpp]; A --> C[boost/serialization/vector.hpp];
```

The diagram illustrates the dependencies of the `adjacency_list.h` header file. It is represented as a root node at the top, with two arrows pointing downwards to its dependent files: `boost/archive/binary_oarchive.hpp` on the left and `boost/serialization/vector.hpp` on the right.

boost/archive/binary
_oarchive.hpp

boost/serialization
/vector.hpp
